Math Team Schedule
For 2016/2017

Dear Parents/Guardians,

I am currently obtaining my Master's Degree through University of Illinois at Chicago. Sadly, I have a class on Thursday night during the Spring of 2017. I have discussed this with Mr. Jennings and the students in Math Team and was able to work out on the activity calendar to switch the meeting day during 2017.

During the months of January to March we will be meeting on Mondays after school until 4:00 p.m. If you have any questions about this please feel free to contact me with any questions or concerns. The updated schedule for the remainder of the year is listed below!

Thank you,
Laura Kiel
